### DESCRIPTION

The workwear pants with a knee pocket made of the special Amalytton® material, which provides increased strength and durability for cotton fabric while maintaining elasticity and providing all the benefits of a natural material, such as breathability and a pleasant wearing sensation. The Tabiflex® extra durable super elastic material is used on exposed parts. The trousers have a highly ergonomic and functional SLIM FIT cut that accentuates the silhouette, including an anatomically shaped knee design for maximum movement adaptability. The knee area has a double layer of the durable waterproof Oxford material and features a knee pocket, elastic waist with a hidden rear double belt loop for a comfortable belt fit. The trousers are equipped with a D-ring for a carabiner, 2 deep hidden pockets, 1 front zipper pocket, 1 front pocket with a wide loop, a multifunctional pocket for a folding tape measure, screwdriver and snap-off knife with wide loops on the right leg, a large double pocket covered with a button flap on the left leg. The back part is divided by a saddle and 2 pockets, the right back pocket is covered with a button flap. The bottom leg hem is reinforced with abrasion protective material Oxford. Higher visibility of the user is ensured by reflective stripes placed on the front and back and hi-vis accessories. The trousers allow easy extension of length by 5 cm.

The service life depends on the rate of use and the rate of wear in the given conditions. Inappropriate storage conditions, improper maintenance and care reduce the service life. The warranty period is 24 months. Under no circumstances should the warranty period be confused with the service life of the product. With intensive use, the service life may be shorter than the warranty provided. The product does not contain any substances in concentrations that are known or suspected to have an adverse effect on the user's hygiene or health. However, skin irritation is not impossible for sensitive people, in which case do not continue to use the garment. Avoid fire and sources of intense heat. No accessories or replacement parts are intended for these garments. If the garment is not in use, it is recommended to store it in a dry and well-ventilated area away from direct sunlight. Transport best in original packaging, protect from moisture and extreme temperatures. Dispose ecologically after use.
